Golf v2 Statistics Feeds

Table of Contents

Golf v2 Statistics Feeds

We package our comprehensive stats collection into the following feeds, each focused on serving specific information needs:

Daily Change Log – Provides IDs and timestamps for players, tournaments, schedules, pairings and statistics that have been modified on a given date. To receive the data updates, use these unique IDs to pull relevant API feeds.

Official World Golf Ranking – Provides Official World Golf Rankings and points for top the 200 players.

Player Profiles – Detailed player information including height, weight, place of birth, date of birth, residence, and college.

Player Statistics – Season statistics for all golfers who have earned Fed Ex Cup points. Season statistics are validated and corrected on a weekly basis.

Scorecards per Round – Detailed round scoring including player information, course information, player scoring per hole, and overall tournament scoring per player.

Tee Times per Round – Round information including pairings and starting positions.

Tournament Hole Statistics – Detailed information on how the field fared on each hole of a tournament.

Tournament Leaderboard – Detailed tournament statistics including player statistics at tournament and per-round level.

Tournament Schedule – Schedule of tournaments for the season including date, location, course layouts, and tournament purse.

Tournament Summary – Summary information concerning the current tournament including location, course layout and tournament field.

Push Leaderboard – Detailed real-time tournament statistics including player statistics at tournament and per-round level.

Push Scorecard – Detailed real-time round scoring including player information, player scoring per hole, and overall tournament scoring per player.

Coverage

We provide coverage of three different types of calendar events to ensure maximum coverage. We combine coverage levels with the correct feeds to ensure you are getting the most comprehensive data offering in the most efficient manner possible.

PGA Tour calendar events - We cover all PGA Tour events in which Fed Ex Cup points are awarded, including the World Golf Championship events. In addition, we also cover the President's Cup and Ryder Cup events.

LPGA Tour calendar events - We cover all traditional match and stroke play events on the Euro Tour schedule which award points, including Majors. In addition, we also cover the Solheim Cup.

PGA Tour Champions calendar events - We cover all standard stroke and match play PGA Tour Champions events in which points are awarded.

Euro Tour calendar events - We cover all traditional match and stroke play events on the Euro Tour schedule that award Race to Dubai points, including Majors and World Golf Championship events. In addition, we also cover the President's Cup and Ryder Cup events.

Olympic calendar events – We cover the Olympic Men's & Women's Golf Competition events that appear in the schedule.

Hero World Challenge – We cover the events in the Hero World Challenge. This event will not be reflected in player seasonal statistics, as the event does not award Fed Ex Cup points. This tournament is listed in our PGA Tour Schedule.

Korn Ferry Tour calendar events - We cover all standard stroke and match play Korn Ferry Tour events in which points are awarded.

Phil vs. Tiger - We cover this high interest event as part of our PGA Tour Schedule as a 'cup' style event. This event will not be reflected in player seasonal statistics, as the event does not award Fed Ex Cup points.

Frequently Asked Questions

Q: Where do I find a list of golfers participating in a particular tournament?

A: The Tournament Summary feed gives you a list of those golfers participating in the tournament.

Q: What are the valid Event types?

A: Here are the valid event types:

    stroke
    match
    cup
    team

Q: What are the valid Match formats?

A: Here are the valid match formats:

    singles
    fourball
    foursomes

Q: What are the valid Match types?

A: Here are the valid match types:

    regular
    semifinal
    championship
    consolation

Q: What are the valid player statuses?

A: The only player status revolves around a player's status for a particular tournament. If the player is still competing in the tournament, no status attribute will appear. Here are all remaining player statuses and their definitions:

    CUT – The player has missed the cut of a tournament
    WD – The player has withdrawn from a tournament
    MDF – The player made the cut, but did not finish the tournament
    DQ – The player has been disqualified
    DNS – The player was scheduled to compete in the tournament, but never started

Q: What are the valid tournament and round statuses and their definitions?

A: Here are the valid tournament and round statuses

<u>**Round**</u>
scheduled - The round is scheduled to occur.
inprogress – The round is in progress.
delayed – The round has been delayed.
suspended - The round was suspended.
cancelled – The round was cancelled.
complete – The round is over, but stat validation is not complete.
closed – The round is over and the stats have been validated.
reopened – The round stats are in the process of being corrected.

<u>**Tournament**</u>
scheduled - The tournament is scheduled to occur.
inprogress – The tournament is in progress.
delayed – The tournament was delayed.
cancelled – The tournament was cancelled.
created – The tournament has been created and we have begun logging the field and tee times when available.
complete – The tournament is over, but stat validation is not complete.
closed – The tournament is over and the stats have been validated.
playoff – The tournament is in a playoff.
reopened – The tournament stats are in the process of being corrected.

Q: What time zone are the date time fields presented in?

A: All of our DateTime attributes are in UTC, presented in the ISO 8601 standard format.

ex: 2013-04-03T18:15:00+00:00

For more information: https://en.wikipedia.org/wiki/ISO_8601

Q: Do you provide season statistics for all golfers?

A: We provide season statistics for all golfers who have earned Fed Ex Cup points. Season statistics are validated and corrected on a weekly basis. World Golf Rank for each season will reflect the players ranking following the completion of the Tour Championship, not the end of the year. For more information on timing, please see our Golf Weekly Workflow document (http://developer.sportradar.us/page/Golf_Workflow).

Q: Course information in the Tournament Schedule feed does not match the course information for a specific tournament, why is that?

A: A full list of course attributes can be found in 2 feeds: Tournament Schedule and Tournament Summary. The Tournament Schedule feed provides the generic course layout and yardage. Courses can be changed for a specific tournament. To find the official course layout and yardage for a specific tournament, you need to use the Tournament Summary feed.

Q: How do you handle the points reset associated with the Coca-Cola Championship and the Fed Ex Cup?

A: The top 30 players have a point reset applied. We will reset the point total for each player involved in the Coca-Cola Championship tournament. Players ranked 31 and above will have their points reflect their correct total prior to the reset applied to those players who qualified. After the Coca-Cola Championship, the top 30 player's points will reflect the reset value plus points earned in the Coca-Cola Championship tournament.

Q: How is play-off data represented within the feeds?

A: Play-off data will appear within the Tournament Leaderboard feed and Scorecard Per Round. In the Tournament Leaderboard feed, a play-off element will appear that includes all golfers taking part in the play-off. As with other rounds within the tournament, the play-off section will include the golfer's current score as well as a summary of their current round score. Here is an example:

```
<playoff>
  <player first_name="Jordan" last_name="Spieth" country="UNITED STATES" id="3e4963cb-6e80-4393-85cf-2aecec453c4a" position="1" score="-1" strokes="10">

    </rounds>
  </player>
  <player first_name="Sean" last_name="O'Hair" country="UNITED STATES" id="e260788d-657a-4d72-9766-82f27a9c66ba" position="2" tied="true" score="0" strokes="11">

    </rounds>
  </player>
</playoff>
```

If a tournament plays a complete play off round to determine the winner, the golfer's round information will also be available in the Scorecard Per Round feed. You can generate the Scorecard By Round by substituting the "rounds" variable with "playoff", like within the following example:

http://api.sportradar.us/golf-t2/scorecards/pga/2017/tournaments/d0a413de-627a-481c-825a-142ec55239a5/playoff/1/scores.xml?api_key=
